Work Experience

USDA – US Forest Service

Forestry Technician/Hotshot Crew | 2019-2021

Three years running a chainsaw on a hotshot crew. Skills utilized: mental endurance, attention to detail, teamwork, leadership, adaptability, problem-solving, communication, and time management.

Optimal Physical Therapy

Physical Therapy Technician | 2016-2017

Assisted in the implementation of therapy and recovery for injured patients. Performed the full range of clinical duties, including greeting patients, setting up and coaching them through exercise programs, logging patient data and progress, administering therapeutic modalities (thermal, electromagnetic, light, etc.), equipment setup and maintenance, basic cleaning and laundry. Skills utilized: patient care, communication, teaching, adaptability, patience, compassion, and empathy for others.

Volunteer Experience

Crew Leader | Utah Conservation Corps | May-Oct 2018

Led a crew of eight doing conservation work in the Utah backcountry. Learned the importance of effective communication, strategic planning, and how to motivate others to find the value in hard work. Performed daily data entry to track work progress, equipment and material usage, location data, and performance metrics.
